# THE PERSON BEHIND THE BRAND.

## HELLO THERE!

While there are many influences which help me behind the scenes of building my brand (shoutout to coffee & gangsta rap) I am the gal behind Heart of Juno Designs. I have been designing for 10 years & I still do a happy dance when a client exclaims their love for one of my designs.

Some people like to call me Ez, EJ or 'that girl who looks remarkably similar to Beyonce' (#jokingiwish).

Most days you will find me...

- *playing with my Son*
- *sitting in front of my computer*
- *designing pretty things*
- *laughing at my own jokes*
- *showing funny memes to my dogs & tagging my Husband*
- *& ignoring house work, because boring.*

My dog, Juno.

# Nice WORDS FROM nice PEOPLE

## ***Matt & Chloe***

"Erin, you babe! Thanks for our amazing invitations they look bomb-digity....you have done such an amazing job we couldn't be happier. Thanks for putting up with my shit too, I didn't think I would be that pushy bride but woah, I've been crazy! But seriously we really appreciate what you have done for us and making our invitations come to life. We LOVE them. If you don't mind we will be in touch over the next few months with things like name cards, menu, order of the day etc things that we would love to order through you. I promise I'll be a better person to deal with lol. Thanks again Erin, you're amazing at what you do, I highly recommend anyone to you".

## ***Amanda & Eli***

"The stationery provided by Erin helped put the final touches on our special day. From our engagement party invitations to our wedding thank you cards, Erin has been our supplier throughout and her unique style, eye for detail and guidance in the consulting process gave us designs that felt perfect for our special day. Thank you so much Erin!"

## ***Kira & Matt***

"Erin's designs are gorgeous, she is an absolute breeze to work with and was so attentive throughout the whole process of organizing our wedding stationery! Thank you so much Erin! Will definitely be looking to work with you again for future events!"

## ***Amy & Gary***

Imagine this - you get introduced to an amazingly patient, stylish, talented designer for your wedding. She's up to date with the latest trends and knows how to bring the ideas in your head to life and is confident and calm through the process. Toss that in with a wicked sense of humour and a conversation that feels like you're talking to an old friend and that's what you get when you use HEART OF JUNO designs! I absolutely would not recommend anyone else for all your graphic and wedding stationary needs. Our signage and invitations are still a point of envy a year on.

BLACK BEAN & LIME

# FREQUENTLY ASKED Q'S

*With some frequently answered A's*

## WHEN SHOULD WE START ORGANISING OUR WEDDING INVITATIONS?

*To allow enough time & for it to be a cruisy process you should be shopping for invitations approximately 10 months prior to your wedding date.*

## WHEN SHOULD WE MAIL OUR INVITATIONS OUT?

*Personally, I say mail your wedding invitations out roughly 4-6 months prior to your wedding date & about 8 months in advance for destination weddings.*

## HOW MANY INVITATIONS SHOULD WE PRINT?

*One thing to remember is that you don't need as many invitations as you have guests. The reality is a lot of your guests are couples & families who need one invitation between them. I always recommend printing an extra 5-10 blank invitations, just incase.*

## WHAT INFORMATION IS INCLUDED ON WEDDING INVITATIONS?

*Couple's names, wedding day, date & time, as well as the venue/s name & address. If you have other information to include, I suggest getting an information card to go along with your invite & rsvp card.*

## WHAT IS THE DESIGN PROCESS?

*Once you have approved the total quote, I will send over a deposit invoice. Once you have paid your deposit, you will complete a design brief which will be emailed to you. I will then spend some time getting to know you & the type of design you are after which will fit in with your style/theme/colours etc. Once I have sent through the first design mockup, we just keep continuing to tweak & refine your design until it is approved. Once everything is approved, finalised and paid for we will send off to the printers & then I will send onto you.*

## WHAT SORT OF PAYMENT PLAN DO YOU OFFER?

*A non refundable deposit of \$240.00 is required prior to starting your wedding stationery. The remaining balance will be due after the design/s have been approved & are ready for print.*

## OK, I'M READY FOR US TO TAKE THINGS TO THE NEXT LEVEL! WHAT DO I DO NEXT?

*You like what you see, huh? Wonderful. I am literally, so stoked. Email me at [erin@heartofjunodesigns.com.au](mailto:erin@heartofjunodesigns.com.au) RIGHT NOW because I need you in my life. Say hello, let me know your wedding date & what you think you might be after along with any ideas you have in mind. Also, if you have a dog/s maybe include a picture of them. Because, dogs.*

## WHAT IF WHAT I WANT IS NOT MENTIONED ANYWHERE?

*I'm up for any idea - big or small. Bring it on :)*

## CAN I INVITE YOU TO MY WEDDING?

*Um, yes. Put me down for the chicken.*

HEART of  
*Juno*
